

Conference 2010

'City of
Composites'

APPLICATION TO PERFORM A LIVE DEMONSTRATION

Please register your interest in performing a demonstration at the forthcoming conference by completing this form and returning to ann@compositesaustralia.com.au or fax 03 9866 6434.

Demonstrations will be scheduled in the same manner as other presentations, although time allowances will vary appropriately and particular demonstrations may in some cases be scheduled to be repeated during the program. While it is anticipated that most demonstrations will be scheduled for the Fabricators Friday stream, the subject matter of the demonstration will determine where in the Programme it is scheduled.

Presenters (one per demonstration) will be eligible for free entry to the conference on the day of their presentation. Attendance on the additional day of the conference will cost \$199. Attendance for the conference dinner will cost \$99.00 per person.

Please complete registration details below. The profile will be used in website and brochure marketing, and used in introductions on the day of the conference. Please enter details as they should appear in all marketing material.

Applications must be received by Composites Australia by 15 February 2010. Applicants will be advised of the outcome of their applications by 29 February 2010.

Title of Demo	
Company Name	
Company(ies) sponsoring the demo, if other	
Name of person/people performing the demo	
Mobile Numbers of people responsible for the demo

Description of Demo: *(Please limit to 200 words):* attached

Duration of demo: _____ Minutes

We would like to would be willing to repeat the demonstration more than once.

Brief profile of company performing the demo: (Please limit to 80 words) attached

DETAILS OF LIVE DEMO

Please provide a detailed list of the machinery and materials which will be in the demonstration space (e.g., 3-meter dinghy mould, three 4-litre tins of resin, one 1m x 3m trestle table, etc). Please advise if natural gas / compressed air will be used.

Please advise if any items or equipment you are bringing will have a height, width or length in excess of 1.5 meters and a weight of over 500 kg. Any extra costs required for loading (e.g. cranes) are the direct responsibility of the demonstrator.

The storage of any flammable liquids or fuel within the exhibition and demonstration area is not permitted. Fire extinguishers must be supplied as appropriate. The exhibitors are liable for the safety of visitors at the demonstrations and must detail appropriate personnel for this. Demonstrators must supply Material Safety Data Sheets (MSDS) for materials being used, and should also provide a short summary of the estimated risks involved, concentration of emissions, fumes and odour, etc.

_____ All relevant MSDS are attached / have been sent
_____ A statement of risks, including effects of emissions, etc are attached / have been sent

Indicate your needs for the following options:

Electrical Power: Single Phase: _____ Three Phase: : _____

Other utilities: _____

NB: You must provide / rent your own furniture (eg: tables, chairs)

Conditions

Neither Composites Australia, the Composites CRC nor the Stamford Grand Adelaide hotel will enter into any liability, fire, theft or other insurances for the registered exhibits and demonstrations, nor will they assume responsibility for loss or damage, or any costs of outward and return transport of machinery.

The above information about electricity supply does not constitute an order. The Conference management simply wishes to obtain an overview of the demand. You will receive an appropriate order form together with the demonstration confirmation.

Demonstrators are to furnish their stand with a fire extinguisher.

Each demonstrator shall be responsible for the safe removal of all refuse, including used or discarded equipment, raw materials and products from the area, and shall leave the area in its original condition.
